

# Can Your Core Processing System Do This?

Advantages  
Cloud-based Core

## Reduce Hassle

With browser-based service. No software updates required.

## Save Time

With automated loan payment reversals.

## Focus on Members

With emailable transaction receipts and other popular features.

## Provide Analysis

See member profitability in just 1 click!

## Customize to meet your needs

Decide the best workflow yourself - including forms.

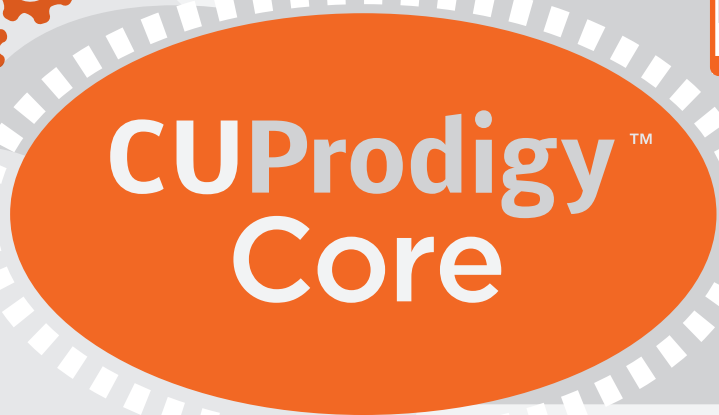

## Reduce Errors

With database-driven, pre-populated forms ... even PDFs.

## Save Steps

Show everything in one place via integrated imaging.

## Give You Voice, Choice, and Collaboration

CUProdigy gives you a real voice in the future of your technology. As a CUSO, we're built for credit unions, by credit unions - **just like yours!**

Individual inefficiencies may not seem like much, but when added together, your employees are wasting valuable time, day in and day out. You may even find yourself spending extra hours and money on workarounds and add-ons.

**Break free!**

Solutions built for credit unions by seasoned credit union professionals.

Come dream about your new core. We're just a call, email or click away.
